Sir:

This Preliminary Amendment is being filed concurrently with a Request for Continued Examination. Please amend the case before examination and before calculation of the filing fees as follows:

In the claims:

9. (Three Times Amended) A target for installation in a vacuum chamber for processing a substrate by causing sputtering material to be ejected from the target onto said substrate, comprising

a disk-shaped section having two planar surfaces and on outer periphery, said disk-shaped section having at least one radially-inward step proximate said outer periphery, said disk-shaped section having at least one radially-inward step proximate said outer periphery.

an adapter having an inner radial flange with at least one groove therein to accommodate an o-ring, said radial flange being disposed in a mating relationship with said radially-inward step thereby preventing leakage into said vacuum chamber at the interface of said adapter and said vacuum chamber.
